

WHO'S BEHIND THE AYATOLLAH SHAPIRO?!

Our children's lives—their minds, bodies and souls—are being destroyed by a plague of drugs. Men as evil as the Ayatollah Khomeini secure vast wealth and power from the "Dope Economy." Evil men like Peter Shapiro.

Ayatollah Shapiro made his legislative debut in 1976 spearheading a drive to decriminalize marijuana. When New York State decriminalized in 1977, heavy use of marijuana increased throughout the State school system (grades 7-12) 300% over 18 months; heavy use of cocaine and heroin increased 200%. This young punk wants heroin needles in your kid's arm.

Do you want a drug-pusher running our county?

Khomeini claims the Holy Koran outlaws only alcohol and tobacco, NOT opium. Thus, Khomeini's Muslim Brotherhood is flooding the West with dope. Khomeiniacs have been arrested at JFK Airport smuggling in opium hidden in portraits of the Ayatollah! Who knows whether Shapiro, supporter of Khomeini-admirer Ted Kennedy, is involved in this dope traffic. Who knows whether he works in cahoots with his fundraiser, Alan Sagner, chairman of the N.Y. - N.J. Port Authority, through which a great deal of this country's \$100 billion annual dope traffic flows.

We CITIZENS OF ESSEX COUNTY intend to find out.

Meanwhile we know that:

***Young punk Shapiro is on the scene to wreck the Democratic Party and clear the way for a new Sodom and Gomorrah. He pushes dope, cripples law enforcement, moves to shut off nuclear energy and shutdown industry. No wonder, the younger Shapiro was suspended from Columbia H.S. for spreading his radical filth; he refused to honor the American Flag; he's been known to consort with the likes of Tom Hayden and, earlier, future Weatherman terrorist Mark Rudd.

***Shapiro, however, is only a front man. Chosen because of his baby-faced, anti-machine, "clean" image, this radical works for the Organized Crime outfit known as the "Kennedy Machine." Not coincidentally, he roomed at Harvard with Bobby Kennedy's son.

*****From Prohibition bootlegging days on, this county was run by the Reinfield Syndicate operation involving "Papa" Joe Kennedy, the Bronfman Gang, Longie Zwillman and Meyer Lansky. In the Sixties, this same Mob moved to "legalize" organized crime, using public officials masquerading as liberal, crusading reformers. Prudential, symbolically towering over Newark, ran the show.

*****In the same period, Kennedy Justice Department Official William Hundley sent Herbert Stern to New Jersey to break up political and labor machines and to convince the public that "Organized Crime" begins and ends with the "Italian Mafia." His critical role, with much help from the scandalous *Star-Ledger* (of the Newhouse chain, Roy Cohn, attorney), is to knock out the opposition to the Real Mob. To this day, the Stern Gang runs terror operations against constituency-based machines which insist on holding the line against dope, austerity and gambling.

*****Top Zionist Sagner, has begun to impose the Port Authority \$42 billion slave labor "urban industrial park" plan. Sagner was a member of the left-radical Fair Play for Cuba Committee. Lee Harvey Oswald was also a member of that group. In fact, Murder Inc. (Perminex) deeply implicated in the JFK and King murders, got its start at Roy Cohn's Lionel Corp., based in Irvington.

Essex County is historically rich in industry, education and technological advance. It exemplifies the American Idea of Progress. Newark used to be known as the City of Invention, the City of Opportunity. We call on all CITIZENS OF ESSEX COUNTY to join with us to bring this ongoing criminal conspiracy to the light of day. We must prevent these homegrown Ayatollahs from holding our youth and our own future hostage.

CITIZENS FOR ESSEX COUNTY is a nonpartisan coalition of city and county workers, ethnic minorities, veterans, labor unions, clergy, educators and businessmen. We are dedicated to the American Idea of Progress and the prevention of Sodom and Gomorrah. This is the first in a series of public bulletins to expose the truth.

Like-minded Coalitions have recently succeeded in removing Kennedy Machine radical Dennis Kucinich (Kook-cinich) from the Mayoralty of Cleveland and in launching a powerful Recall movement against Kennedy-endorser Ayatollah Jane Byrne, Mayor of Chicago. Both Kucinich and Byrne, like Shapiro and his backers, have been connected to Organized Crime.
